This unit is in a very attractive group. Close to all conveniences, excellent shopping and transport.

This is an opportunity to live in a very secure group on the upper level with excellent views from the living room, bedrooms and balcony.

The unit has a very nice feel about it with a secure entry on the top level. Being the end unit, nobody walks past your doors or windows and it has a feeling of space from the moment you enter the home.

The kitchen, dining and living area is an open plan room
