You can trust they will turn out to be stunning homes when completed. Everything has been included and to a particularly high standard.

We offer these homes for sale during the construction stage with **SETTLEMENT AT COMPLETION**. Just like buying an established home. This is very important to buyers - no hidden surprises & you don't have to deal with the builder or any price increases. Prices are fixed with everything included. Just pay a deposit of 10% now and the rest when the house is complete.
